Presented by the Andrew Sims Centre's established Mental Health Law multi-professional training team.

After you have attended this course you will be able to:

- Apply for Approved Clinician status approval through your local approvals office
- Understand current developments in mental health legislation and apply this knowledge practically to your clinical work

The Mental Health Act 1983 requires that, in those cases where two medical recommendations for the compulsory admission of a mentally disordered person to hospital or for reception into guardianship are required, one of the two must be made by a practitioner approved for that purpose under Section 12(2) of the Mental Health Act 1983. Section 12(2) is also desirable for practitioners providing reports to the Court or giving evidence under Part 111 of the Act.

This course has been accredited by the North of England Approvals Panel (NEAP) for practitioners requiring approval for the first time under Section 12 of the Mental Health Act and is valid for those attending from other parts of England.

Understand current developments in mental health legislation and apply this knowledge practically to your clinical work. This course is designed for doctors who wish to apply for Section 12 approval in England. It is not appropriate for those planning to work as a Section 12 Approved doctor in Wales. Attendance at this course is only one part of the approval process. Please contact your local S12/AC Administrator for full criteria for approval, and how to apply.
