### About this course

Presented by the Andrew Sims Centre established Mental Health Law multi-professional training team.

In recent years there have been significant changes to Mental Health Law and in addition, case law continues to refine the law and thus our practice. These changes, along with complex interface between the Mental Health Act and Mental Capacity Act, have made it increasingly difficult for practitioners to be confident of their authority for treatment.

The one-day refresher course is accredited by the North of England Approvals Panel (NEAP) as a refresher course of Approved Clinicians and is valid for those attending from other parts of England. It will provide an update on statutory changes as well as significant case law and is recommended for all who wish to update their knowledge of Mental Health Law.

**This course starts at 9.30am and finishes at 4.45pm. You must attend the whole course to be entitled to a certificate of attendance which will be accepted as proof of completion of an Approved Clinician re-approvals course.**

**A new Code of Practice for the Mental Health Act** has been issued, the first revision to the Code since 2008. The new Code came into effect on the **1st April 2015** and can be downloaded [here](#).

### Course Objectives

After attending this course you will be able to:

- Apply to renew your Approved Clinician approval through your local approvals office
- Understand recent statute law and appreciate the effects of recent case law
- Discuss how these changes could affect your practice
