About this course

Beyond well understood side effects of the medication we prescribe some can have severe long-term or even permanent serious adverse effects for our patients. This full day course will provide you with an understanding of these to support your safe and effective practice.

Course Objectives

After attending this course you will be able to:

- Understand how some of our medications can be harmful to patients.
- Assessment and monitoring requirements to identify serious adverse effects.
- How to prevent or act to ameliorate adverse effects.

About our speaker

Information TBC

Andrew Sims Centre Reservation Form

BOOKING CONFIRMATION

All bookings will be confirmed in writing via email. Further details including programme times and venue information, will be sent approximately 2 weeks prior to the event date via email. Please ensure you have provided an email address as all booking confirmations will take place by email.

RESERVATION & CANCELLATION POLICY

Cancellations must be received in writing at least two weeks prior to the course date to be entitled to a refund, which will be subject to a 20% administration fee. We regret that cancellations received after this date cannot be refunded, and refunds cannot be made for failure to attend the event. However, a substitute delegate will be welcomed in your place at any time. For further information on the conditions of booking, please [click here](#).
