ABOUT OUR SPEAKER(S):

After gaining her 1st degree in General Adult Psychiatry in Poland Anna completed 3 years as a trainee on the St Mary's General Psychiatric Training in London. She has returned to Poland and worked in Regional Eating Disorders Unit for number of years. In 2004 she obtained PhD and published around 54 publications in both polish and international journals. She also wrote a chapter in a book on mental health problems in partially deaf people. On return to UK in 2005 Anna was appointed as a Consultant in General Adult Psychiatry. In 2006 she has moved to field of Child and Adolescent psychiatry. For last 13 years she has worked as a Consultant in Child and Adolescent Psychiatry in Northumberland, Tyne and Wear NHS Trust and South West Yorkshire Partnership NHS Foundation Trust. She also worked as a Locum Consultant for PULSE and Medax. She became interested in Mood Disorders in young people few years ago after a member of her family was diagnosed with Bipolar Affective Disorder.
